PROFILE

IT professional with 5 years of experience, specialized in Frontend development, QA, and UX/UI.
I focus on building modern, scalable, and accessible interfaces, with a strong orientation toward user experience. I have experience with React, HTML, CSS, and JavaScript. I've also worked in manual QA, performing quality control for custom web portals.
I've participated in UX/UI design projects, including interface design and flow validation.
I'm looking for challenges that allow me to continue growing professionally, contribute ideas, and collaborate within a team.

EXPERIENCE

Avature | Frontend Developer + QA Engineer (May 2021 – Apr 2025)

- Developed reusable components using React, JavaScript, HTML, CSS, and PHP.
- Collaborated with design teams using Figma, InVision, Zeplin, and Balsamiq.
- Applied web accessibility best practices (WCAG).
- Participated in Agile methodologies (Scrum).
- Transitioned to **QA Engineer** role in Mar 2024.
- Conducted manual UI testing and bug reporting.
- Wrote RCA reports and documented outcomes.
- Designed and executed test cases based on functional requirements.
- Performed QA for customized client portals.

Godixital | Freelance Web Developer (Sep 2020 – Jul 2021)

- Designed and developed landing pages using Webflow.
- Provided UX/UI and goal-oriented consulting to clients.

Coderhouse | Web Development Instructor & Tutor (Jun 2020 – Nov 2021)

- Instructor for Web Development course.
- Tutor for JavaScript and Web Development courses.
- Conducted live classes, challenge reviews, and personalized feedback.
- Technologies: HTML5, CSS3, JavaScript, Bootstrap, SASS, Git, GitHub.

FREELANCE EXPERIENCE

CFOTech | UX/UI Designer (Feb 2024 – Dec 2024)

- Defined information architecture, user flows, and wireframes.

- Created low-, mid-, and high-fidelity prototypes.
- Collaborated using Figma and FigJam.

Personal Projects | Freelance Web Developer

- Developed responsive websites for clients in real estate, personal branding, and art sectors.
- Focused on modular frontend structure, reusable components, and performance.
